This coffin is available in a range of colours – please enquire for further details.

We are proud to have worked in partnership with Suffolk based family business, Bradnam Joinery, since the early 70's when our then proprietor John James Burgess became too busy to continue making his own coffins.

The quality of both their Solid, and Veneered coffins, reflects the high standards that we provide to the families in our care.

At the forefront of quality, service, and innovation they pride themselves on authentic craftsmanship, using both traditional and modern techniques to design custom solutions to client's needs.

Always looking to keep up with new trends, Bradnam's now also supply us with eco-friendly coffins such a wicker and seagrass and are able to offer a totally bespoke range of coloured coffins in various shades, designs and themes.

Furthermore, their coffins have received recognition from both the Funeral Furnishing Manufacturer's Association (FFMA) and the Forest Stewardship Council (FSC) and now bear both marks of accreditation; accreditations that we are pleased to be able to promote to our discerning clients.
