Urn Selection

We are proud to have worked in partnership with Suffolk based family business, Bradnam Joinery, since the early 70's when our then proprietor John James Burgess became too busy to continue making his own coffins.

The quality of both their Solid, and Veneered coffins, reflects the high standards that we provide to the families in our care.

At the forefront of quality, service, and innovation they pride themselves on authentic craftsmanship, using both traditional and modern techniques to design custom solutions to client's needs.

Always looking to keep up with new trends, Bradnam's now also supply us with eco-friendly coffins such as wicker and seagrass and are able to offer a totally bespoke range of coloured coffins in various shades, designs and themes.

Furthermore, their coffins have received recognition from both the Funeral Furnishing Manufacturer's Association (FFMA) and the Forest Stewardship Council (FSC) and now bear both marks of accreditation; accreditations that we are pleased to be able to promote to our discerning clients.

Crystal Butterfly

A stunning crystal memorial butterfly made from Swarovski elements.

Crystal heart

This memorial keepsake is the perfect memorial gift to hold the cremations ashes or lock of hair of your loved one. Within the centre of the memorial crystal heart is a silver or gold cremated remains holder which will keep safe and hold the cremation ashes of your loved one forever. Actual size 6cm x 6cm.

Crystal Tealight

Beautiful Swarovski crystal elements tealight, holds a segment of cremated remains or a lock of hair within a silver or gold cylinder crowned with beautiful Swarovski crystal elements. The top of the tealight can be engraved with a special message and is available in 5 different colours.

Eternity Candle Keepsake

Our Memorial Candle is a lovely, tactile, solid wood cube which can be personalised to create a truly unique memorial keepsake.

It has a hidden recess below the candle holder where a keepsake quantity of cremated remains or small memento can be stored discreetly and securely in a small glass container.

Tribute Heart Keepsake

Carved from natural Beech and is the perfect size to hold a tiny quantity of cremated remains, along with photos and other small mementoes and can be personalised with engraving of motifs, messages and dates.
